ABOUT US.

Our company is constantly carrying out leading edge research into new color and materials and over the years we have developed and fine-tuned our know how so that we can handle any request our clients may make , however special , as well as placing at their service extensive experience we have acquired in the production and processing of marble , granite , onyx , travertine and stone.

We constantly carry out leading edge technology into new colour and materials. Over the years we have developed and fine-tuned our, know-how on how to handle any request our clients may have.

French Pattern Set & Pavers

The modular nature of the French Pattern makes it ideal for large indoor/outdoor spaces, where the intersection of the lines and the tile sets create the illusion of an even larger space.

Not allowing your eyes to be caught on the straight paralel lines and being drawn away from the feature of the stone.
